

## **What is RealtorTools?**

RealtorTools is a professional platform that provides real estate agents, mortgage loan originators, title companies, and inspectors with powerful financial calculators and investment analysis tools.

## **Who can use RealtorTools?**

- Licensed Realtors
- Mortgage Loan Originators (MLO)
- Title Companies
- Home Inspectors

## **What problems does RealtorTools solve?**

The platform allows professionals to:

- Calculate investment returns instantly
- Analyze financing scenarios
- Evaluate flipping projects
- Analyze rental investments
- Collaborate with other professionals in a subsystem network

## **What is a Subsystem?**

A subsystem is a local professional network composed of:

- Realtors
- Mortgage professionals
- Title companies
- Inspectors

Each subsystem operates in a specific geographic market.

## **Is RealtorTools free?**

RealtorTools offers membership access to professionals.

Pricing varies depending on the membership level.
